Free Tans

If you can't bask under the *actual* Tuscan sun, you can still get the tan—and enjoy a little Tuscan décor—at Future Tan. Located in the heart of the West Village, Future Tan has been serving the gay community since its opening in 1997. Customers choose from an array of services and products including 16 tanning machines, airbrushed spray tans, tanning accelerators, sunless tanning products, and skin-conditioning lotions. Always health conscious, Future Tan provides free “winkies” or goggles for eye protection, zinc oxide and Hempz moisturizing lotion for all clients, and the vanity area is stocked with complimentary face wipes, deodorant, hair products, moisturizer and water. Above all, Future Tan believes in delivering excellent customer service. For example, clients can earn points toward free products and services. “If customers are loyal to us, we are loyal to them,” says owner Dominick Ameno. Open seven days a week from 9am-midnight (Mon-Sat), Sun 10am-midnight.

- Buy one free spray tan; get one free.
